On 10 November, a westbound train of 50 flatcars with about 100 motor vehicles coming from Frankfurt/Oder was observed at Kuestrin-Kietz. 1 6. a shipment of 2 boxcars and 10 flatcars with 25X1 789 tons was dispatched from Frankfurt/Oder to Satzkorn on 12 November 25X1 The following shipments from Brest Litovsk were observed arriving at Fuerstenwalde-Sued: Date in Number of 25X1 Load November Flatcars 11 43 trucks 12 sedans 18 43 trucks 25X1 Comment. These shipments were connected with the motor vehicle exchange program. 25X1 2. Comment. The shipment 25X1 was also reported in paragraphs 3 and 6 of the present report. Although source of paragraph 3 recorded guns it is, for the following reasons, believed that 25X1 the shipments involved tanks: According to paragraph 2 the load exceeded standard measurements and, as indicated in paragraph 6, the heavy load necessitated a small number of flatcars (probably of type RRym). The shipments were dispatched to places were one tank division each of the four mechanized armies are stationed. According to a previous report from Satzkorn, 10 tanks of undetermined type were unloaded there on

Comment. Uranium ore from the uranium ore mining district in Sexony.

According to a report from Altruppin, 15 RRym-type flatcars, including 3 loaded with one tank each were observed there on 13 November; twelve additional tanks were seen in front of the railroad station, all tanks

Comment. Probably used guns which were returned to the USSR.
